

# Two Way Radios

Mobile communications are vitally important to many businesses and two way radios can deliver a cost effective solution. Once the exclusive reserve of the military and emergency services this technology is available to all organisations to enable fast and reliable communications over a radius of one mile.

Simple to use, inexpensive to buy and reliable and robust, once purchased and operational ECL radios incur no ongoing charges.

## Benefits

- Easy to operate
- Ongoing Operation is free
- Robust construction for long life
- No license required
- 26 hour battery operation
- Rapid charging
- Available to rent or buy.
